

Mark Yates, a respected policy professional with Cornerstone and former VP of the Advanced Power Alliance, will provide an overview of the renewable energy regulatory environment in Oklahoma as well as a preview of the upcoming state legislative agenda.

CORNERSTONE

— AN EMPLOYEE-OWNED COMPANY —

Five questions for Mark Yates

- **Who are you?**
- **Who are you working with right now?**
- **What are you working on that is exciting right now?**
- **What's the biggest challenge you are facing right now?**
- **Who in this room do you want to talk with after the presentation?**

**A LEARNING EVENT FOR
JUNIOR HIGH AND HIGH
SCHOOL STUDENTS**

Come learn about wind energy with KidWind!

Starting at 5 PM, we will have a fun interactive activity with KidWind and NREL, OREC, and High Plains booths where students can learn more about opportunities in the wind industry.

Starting at 6 PM, NREL will discuss the wind energy industry and host a listening session with students!

 **WORKFORCE DEVELOPMENT**

 **ENERGY STORAGE SUSTAINABLE SUPPLY**

MEMBER MEETING – HYDROGEN

March 11 @ 11:30 am - 1:30 pm

Join us every other month as we discuss six pressing issues of the day that are driving the renewable energy business in Tulsa. From workforce development to grant partnership, or segment-focused business discussions of solar, energy storage, hydrogen technology, and more, we've got a forum for you and your colleagues to learn, contribute, and collaborate.

Meeting Chairs

Chad Bratcher at Williams

Colby DeWeese at Hydrogen Technologies

Agenda

11:30 Welcome and introductions

- Review of TRBA mission and goals
- Announcements of upcoming meetings and events

12:00 Conversation with the experts

- Five questions for our panelists
 - Who are you?
 - Who are you working with right now?
 - What are you working on that is exciting right now?
 - What's the biggest challenge you are facing right now?
 - Who in this room do you want to talk with after the panel?
- One-slide presentations
- Deeper dive with audience Q&A

1:00 Project-to-project collaboration

- A chance to work with industry colleagues

1:30 Adjourn
